Emanations of Noetic Realism

Bare-Bones Summary

Core Axioms

• Reality is independent of being known; everything known is encountered through a knower.

• E ≠ R, I ≠ R. No experience contains the whole of Reality.

• R = C + V (Causal Field + Veiled Field). V = R − K

• Governing axiom: **R > K** — Reality exceeds present knowledge.

Differentiation & Self

• Ω (undifferentiated possibility) → distinct entities that still belong to Ω.

• N (Noetic Field) = P + M + L + S (perception, memory, language, self-model).

• I = f(E, P, M, L, S). Interpretation is always conditioned.

• Self (Σ) is continuity of pattern, not unchanging substance. Continuity ≠ permanence.

Two Truths & Correspondence

• Experience (X) ≠ explanation of experience (Y). An experience can be real without proving its interpretation.

• Perceived correspondence (A ↔ B) may be coincidence, causation, or unknown. Pattern → attention → investigation.

Spiral of Knowing

$$R \rightarrow E \rightarrow I \rightarrow T \rightarrow A \rightarrow \text{new } E$$

$$K_{t+1} = K_t + A_t - F_t \text{ (add adjustments, subtract failed beliefs)}$$

Great Paradox & Return

• The knower (Σ) belongs to R and cannot contain all of R.

• Expanded awareness (Λ) must return to the Causal Field (C → Λ → C). Expansion without return is escape.

Astrology (symbolic)

Cycle + Condition + Choice = Becoming. The heavens are a symbolic clock; agency remains.

Twelve Principles (condensed)

Initiation (0 → 1) — Potential becomes action.

Consolidation (1 → 1) — Potential becomes stable form.

Multiplicity (1 → n) — One perspective becomes many.

Interiorization (Outer → Inner) — Cycle turns inward; unfinished past surfaces.

Expression (Potential → Manifestation) — Create and become visible.

Refinement (X → X′) — Examine and improve the pattern.

Equilibrium (A ↔ B → Balance) — Hold opposing forces; seek higher arrangement.

Dissolution (X → 0 → X′) — Form ends so another may emerge.

Expansion (Σ → Σ + Horizon) — Encounter beyond the previous self-model.

Structure (Will + Time → Form) — Insight becomes lasting discipline.

Reconfiguration (System → System′) — Reorganize rules that no longer fit Reality.

Dissolution into Possibility (Form → Potential) — Release definition so the new can appear.

Tarot Axiom

A = P + M + D (Archetype = Potential + Manifestation + Distortion). Symbols are reflective, not fixed fate.

Cycle 0–X: Unformed → Assertion → Veil → Manifestation → Structure → Fracture → Choice → Will → Inner Force → Withdrawal → Turning.

Alchemy

`Solve → Separate → Examine → Reconfigure → Coagulate`

Four Seasons: **Black** (dissolve) → **Clear** (clarify) → **Red** (will/act) → **Gold** (embody) → Black again.

Great Cycle: Dissolution → Clarification → Transformation → Embodiment → Renewal.

Return ≠ repetition: same pattern, changed consciousness.

Final Noetic Cycle

Ω → δ → Σ → ? → 0 → ■ → ▲ → ■ → ■ → Ω′

Possibility → differentiation → self → unknown → dissolution → clarification → transformation → embodiment → recurrence → new possibility.

R > K

Believe carefully. Experience deeply. Test honestly. Interpret symbolically. Act deliberately. Transform repeatedly. Leave room for the unknown.
